REMARKS

During the conversation, Examiner Sakelaris requested several amendments or submissions in connection with their above-identified application. These included amendments to three pages in the specification (pages 30, 31 and 32) in which four illustrations were originally found.¹ Those illustrations have now been re-cast as new Figures 19-22. The original illustrations on pages 30, 31 and 32 have been deleted and underlined text has been inserted in their place. The changes are reflected in the sheets accompanying this paper as APPENDIX A.

To reflect new Figures 19-22, the Brief Description of the Drawings has been amended on page 12. New replacement page 12 with a description of Figures 19-22 is found in APPENDIX A.

A new abstract is also provided in APPENDIX B.

Finally, the four new figures (19-22) are provided in APPENDIX C. Each of the four new figures (19-22) has been marked by "NEW SHEET" in the upper right hand margin.

No new matter is believed to have been entered by any of the foregoing changes or submissions.

Favorable action in these matters is respectfully requested.
